Re: FOIA Request – Mandatory Declassification Logs

Dear Ms. Nelson:

This is a request on behalf of National Security Counselors (“NSC”) under the Freedom of Information Act, 5 U.S.C. § 552, *et seq.*, for copies of **the Central Intelligence Agency (“CIA”) Mandatory Declassification Logs for Fiscal Years 2005-2008 and October-December 2008 (i.e. the time period between October 1, 2004 and December 31, 2008).**

If you deny all or part of this request, please cite the specific exemptions you believe justify your refusal to release the information or permit the review and notify us of your appeal procedures available under the law. In excising material, please “black out” rather than “white out” or “cut out.”

We are hereby requesting classification as a representative of the news media. NSC is a non-profit organization under Virginia law, has the ability to disseminate information on a wide scale, and intends to use information obtained through FOIA in original works. According to 5 U.S.C. § 552(a)(4)(A)(ii), codifying the ruling of *Nat’l Security Archive v. Dep’t of Defense*, 880 F.2d 1381 (D.C. Cir. 1989),

the term ‘a representative of the news media’ means any person or entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience.

NSC has clear intent to “publish[ ] or otherwise disseminate[ ] information to the public.” *Id.* at 1386 (quoting the following legislative history: 1) “It is critical that the phrase ‘representative of the news media’ be broadly interpreted if the act is to work as expected. . . . In fact, *any person or organization which regularly publishes or disseminates information to the public . . . should qualify for waivers as a ‘representative of the news media.’*” 132 Cong. Rec. S14298 (daily ed. Sept. 30, 1986) (emphasis in original quotation); 2) “A request by a reporter or other person affiliated with a newspaper, magazine, television or radio station, *or other entity that is in the business of publishing or otherwise disseminating information to the public* qualifies under this provision.” 132 Cong. Rec. H9463 (Oct. 8, 1986) (emphasis in original quotation)). Our website, where much of the information received through our FOIA requests is posted for all to review, can be accessed at <http://www.nationalsecuritylaw.org>. In addition, we also intend to use information obtained through FOIA in our own published opinion editorials, journal articles,

and the like. I personally have already published information received through FOIA in this manner (Kel McClanahan, *A Perception Based Model for Comparing Intelligence Communities*, 25(2) AMER. INTELLIGENCE J. 46 (Winter 2007/2008) (includes material obtained through a CIA FOIA request)). Therefore, in accordance with the Freedom of Information Act and relevant case law, NSC should be considered a representative of the news media.

We are also requesting a public interest fee waiver. There can be no question that the information sought would contribute to the public's understanding of government operations or activities and is in the public interest. We are filing this request as part of a three-step process. The first step was the filing of the pending request #F-2010-01033 for official materials regarding the CIA's MDR process. This step serves to identify previously classified records that have undergone declassification review. Once we receive these records, we will request specific records regarding the processing of certain of these requests, with the intent of adding some case studies to our analysis of the MDR process at CIA, which will ultimately contribute to the public's understanding of this process.

In addition, with respect to the specific requirement that NSC must demonstrate an expertise in the subject area in order to satisfy the fee waiver criterion that disclosure of the requested information must contribute to the understanding of the public at large, I personally have worked for a national security law firm and served as Director of FOIA Operations for the James Madison Project for two years, have litigated several FOIA/PA cases, teach National Security Law at the University of the District of Columbia, and recently received an LLM in National Security Law from Georgetown University Law Center.

The CIA is required by law to respond to this request within 20 working days. Failure to timely comply may result in the filing of a civil action against your agency in United States District Court.

We request that any documents or records produced in response to this request be provided in electronic (soft-copy) form wherever possible. Acceptable formats are .pdf, .doc, .jpg, .gif, .tif. Please provide soft-copy records by email or on a CD if email is not feasible. However, NSC does not agree to pay an additional fee to receive records on a CD, and in the instance that such a fee is required, NSC will accept a paper copy of responsive records.

Your cooperation in this matter would be appreciated. If you wish to discuss this request, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kel McClanahan', written in a cursive style.
