John, [redacted]

How does this look? If you think there needs to be some other legal wording, please let me know.

Thanks,
Jennifer

Subject Fw: FOIA Request - Congressional National Security Oversight Committees

05/13/2008 11:02 AM

Hi [REDACTED]

Welcome back. We have narrowed this down a little bit. We are only searching for transcripts and testimony that is not part of the open record or publicly available on our website. For part 3, we are not searching for emails. We are still searching for written letters between ODNI and the HPSCI/SSCI. A search request will come out from IMO shortly.

My questions for right now pertain to parts 4 and 5. Part 4 is fairly straight forward. Do we have any policies or regulations dealing with national security oversight committees?

For part 5, the requester is mostly looking for information relevant to the Waxman committee from about 7 years ago. [REDACTED]

[REDACTED] Has there been any discussion of this nature within the ODNI?

Thanks,
Jennifer

Jennifer,

Re request #4: ODNI Intelligence Community Policy Memorandum number 2005-100-3, Subject: Reporting of Intelligence Activities to Congress. This is the baseline document outlining when and under what circumstances we must inform Congress.

Re request #5: we have our internal MFR's from each session.

Questions:

Thanks Jennifer. [REDACTED]

[REDACTED] Would you please manage this effort for OLA. Stop by and I'll give you some background, our IMO was able to reduce the scope of the search albeit still substantial. I believe the time frame to complete is a bit flexible but we do need to be working toward completion. Thanks [REDACTED]
