Thanks. We work very closely with the CIA FOIA Shop and they handle the processing of the ODNI requests. We will be in touch with them about this request. John

John,

My apologies for the delayed response.

Suite

In terms of the first request (Interagency Agreement) with the Library of Congress, I am not aware of any relationships we have with them. As you have pointed out, the Open Source Center is probably a good place to forward this information. I have "cc'd" **[Redacted]** Chief of the OSC's Contracting Team.

Let me know if you have any questions.

Thanks,

The new year has inspired me to clean up the list.

I have reviewed the list and found the following:

[Redacted]

DF-2007-00009 this one should be referred to the Open Source Center contract folks. The CIA is the Executive agent for the ODNI for the center. It is to be run by the CIA's rules. It is CIA.

John, Have there been any such briefings? Maybe we can just go back with a no records response? If not, and a search needs to be performed, this acceptance looks fine.

John..Perhaps we can limit our searches to only the FOIA briefings that elicited thunderous standing ovations and/or unbridled adulation.

Hi [REDACTED]

I have attached 3 new FOIA cases. Please send the tracking numbers once they are in the system.

Per our conversation, DF-2008-00009 and DF-2008-00010 were both closed administratively in agreement with the requesters as all responsive documents have been posted to our website. They are for documents release in response to the EFF litigation cases, DF-2007-00079 and DF-2007-00080. We have provided final responses on those cases in accordance with our court deadline, but we may be challenged on those responses.

I see you get a 3-hour early dismissal today! Didn't I say that would probably be the case? Have a wonderful holiday!

Jennifer
